Neomounts by Newstar DS15-650WH1 tilt- & rotatable countertop tablet holder for 9,7-11" tablets - White

The Neomounts by Newstar DS15-650WH1 is a countertop tablet holder that can rotate 90° to switch between portrait and landscape orientation. Additionally, the tablet holder can be tilted up to 75° for comfortable viewing. The clever design includes six different tablet inlay panels which makes the tablet holder compatible with most 9,7- 11" tablets, including iPad Pro gen 1-5, iPad Air 1-4, iPad 5-9, Samsung Galaxy Tab A, Tab A7 and Tab S6.

The tablet holder features an anti-theft lock and a bolt-down base for extra security. Anti-skid pads protect the tablet from any scratches and the steel construction ensures safe and solid placement. The cable management system enables cables to be routed within the casing.
