Neomounts by Newstar AWL29-650BL1 universal soundbar mount, adjustable depth (7,7-21,5 cm) - Black

The Neomounts by Newstar AWL29-650BL1 is a universal soundbar mount with a maximum weight capacity of 15 kg. The mount can be adjusted in depth from 7,7 to 21,5 cm and is also height adjustable. With the mount, a soundbar can be installed either above or below a screen, creating a clean and modern looking installment of your audio hardware.

Because installation of the AWL29-650BL1 is to the screen, it simply moves with the screen while adjusting it in height, depth or into any other viewing position. The mount is adjustable in width covering the VESA holes of your bracket. For this reason, the mount also guarantees quick installation.

The AWL29-650BL1 is, among others, compatible with the Logitech Rally Bar and Rally Bar Mini.
