

HP Everyday Pigment Ink Satin Photo Paper 235 g/m²

HP Everyday Pigment Ink Satin Photo Paper is a versatile, economic photo paper optimized for HP Designjet pigment and UV ink printers, as well as non-HP large-format pigment printers. This 235 g/m² media delivers quality images for photo applications at a competitive price point.

Ideal for large and mid-volume PSPs, creatives, graphic designers and digital fine art reproduction houses interested in productivity, high quality output, price-to-performance ratio and versatility.

Microporous surface allows for maximum ink absorption and higher ink density, resulting in vibrant colors, superior fade resistance and fast dry time.

Get the best image quality with pigment inks at a competitive price point – from single prints to high-volume poster applications.

Expand your range of photo applications with this versatile, everyday photo paper available in various widths and in gloss and satin finishes. This easy to handle media with fast dry time allows for immediate lamination.

HP Everyday Pigment Ink Satin Photo Paper 235 g/m²

Compatibility

For HP Designjet printer compatibility information, please refer to the latest Large-format Supplies Compatibility chart on: www.hp.com/go/designjet/supplies.

For Non-Post script printers, contact your external RIP vendor.
