The ProLite XB3294UHSCP-B1 is a 32 inch 4K monitor designed to give you more space, sharper detail, and smoother workflows.

Its VA panel with Ultra HD resolution and a 3000:1 contrast ratio delivers crisp, vibrant visuals. A brightness of 350cd/m<sup>2</sup>, 2ms response time, and Adaptive Sync ensure everything stays smooth and clear, whether you're creating content or working with data.

USB-C (95W Power Delivery), HDMI, DisplayPort, and a built-in KVM switch make it easy to manage multiple devices while powering your laptop. PiP (Picture-in-Picture) and PbP (Picture-by-Picture) modes let you view content from two sources at the same time for more efficient multitasking.

The three side borderless design helps you stay focused and supports seamless multi-monitor setups. The height adjustable stand, built-in speakers, and headphone jack provide comfort and convenience throughout your day.

Certified with TCO, TÜV-GS and EPEAT Silver, it's a smart, sustainable choice for any modern workspace.

### Easy multi-device control with KVM

Easily switch between multiple computers using one monitor, keyboard, and mouse, making multitasking smooth and efficient.

### Multi-screen setup for a panoramic workspace

Connect multiple ultra-slim bezel monitors to create a panoramic workspace, keep your apps in view, streamline multitasking, and boost productivity.

### Reduced eye strain & fatigue

Work, study or play longer without eye fatigue, thanks to flicker-free technology and reduced blue light emissions. These features help minimize eye strain and improve visual comfort, allowing you to stay focused and productive throughout the day.

### Double the view, double efficiency
