

Key Features

Auto calibration for fast and easy setup |
 Convenient USB power and connectivity | 10-point
 multi-touch | 180- degree laser curtain detection |
 Draw, annotate, save, and share

Product Description

The ViewSonic® PJ-VTOUCH-10S is an interactive whiteboard module compatible with select ViewSonic LightStream® short-throw projectors.* An easy-to-use interactive projection solution for educators, this USB-powered module easily attaches to projectors and screens. With advanced laser curtain technology and auto-touch calibration, PJ-VTOUCH-10S provides intuitive multi-touch capability for up to 10 users, allowing multiple students and/or instructors to simultaneously interact and collaborate at the screen by using their fingers or the included IR styluses. The bundled annotation software enables users to write and draw on projected images, including office files and web pages. Teachers can also record their annotation steps, then save and share with students. Much more than a teaching aid, PJ-VTOUCH-10S immerses students in the learning process while enhancing interactivity and efficiency in the classroom environment. *Optionally bundled with LightStream® short throw projectors: PJD5353LS, PJD5553LWS, PJD6352LS, PJD6552LWS
