

# NEC NP01Wi2 with Application Software

ORDER CODE: 60003315

NEC Interactive Whiteboard Kit with Mouse Driver and Software

The NP01Wi2 with eBeam® application software and stylus in combination with NECs short throw or ultra-short throw projectors transforms any existing flat surface into an interactive workspace.

## DELIVERING GENUINE BENEFITS

- Quick and easy installation
- Existing surfaces can be used
- Easy upgrade of already installed units
- Use with any NEC short or ultra-short throw projector
- eBeam® application software for business and educational purposes included

Example Installation with NEC U Series projector

| Technical Specifications<br>Sensor Unit                                                                                                                |                                                                                                                                                      |
