

Product Highlights

Total Compatibility

Works with any Wi-Fi certified device, giving you peace of mind and performance

Increased Speed And Range

Wireless N 150 technology gives you increased speed and range over 802.11g/b

Easy Configuration

Use the Quick Setup Wizard and Wi-Fi Protected Setup™ (WPS) for easy, automatic connection to a wireless network

DWA-121

Wireless N 150 Pico USB Adapter

Features

High Speed Wireless Technology

- Wireless N 150 technology gives you increased speed and range over 802.11g/b

Total Wireless Security

- Connect to wireless networks securely using the latest encryption methods
- Supports WPA2 encryption for high-level wireless security
- Use Wi-Fi Protected Setup to establish a secure connection with the press of a button

Compact and Portable

- Take the power of wireless with you wherever you go
- Small design to stay out of your way

Connect to a high-speed wireless network with D-Link's Wireless N 150 Pico USB Adapter. The DWA-121 uses Wireless N 150 technology to provide increased speed and range than the previous 802.11g standard, giving you a faster, more reliable connection, making it ideal for email, web browsing and file sharing in the home.

High-Speed Wireless Networking

Based on Wireless N technology with a single antenna, the DWA-121 achieves wireless speeds of up to 150 Mbps which offers increased speed and range over the 802.11g/b standard giving you a faster, more reliable wireless connection and extended coverage with virtually no dead spots. It is compatible with newer Wireless N and widespread Wireless G technologies and even works with Wi-Fi certified third party routers or Access Points.

Connect Securely to Your Wireless Network

To protect your data and privacy, the Wireless N 150 USB Adapter supports WEP, WPA, and WPA2 encryption for connecting to a secure wireless network, keeping your network traffic secure. The Wi-Fi Protected Setup (WPS), feature enables devices to easily establish a secure connection to an Access Point or wireless router, eliminating the need for complex encryption codes.

Compatibility Assurance

The Wireless N 150 Micro USB Adapter provides a high-speed connection to other Wireless N 150 or Wireless N devices, and is backward compatible with 802.11g devices ensuring interoperability with a wide range of wireless routers and existing networks.

DWA-121 Wireless N 150 Pico USB Adapter

Compact and Convenient

The ultra-small DWA-121 easily connects your desktop or notebook PC to a wireless network for Internet access and file sharing, and is virtually unnoticeable when plugged into an USB port. Additionally, its stylish design has been awarded the prestigious International Forum (iF) Design award.

Easy Configuration

Quick Setup Wizard and Wi-Fi Protected Setup™ (WPS) for automatic configuration and easy addition to a wireless network.

Functions & Features

General Specifications

Hardware	<ul style="list-style-type: none">• Up to 150 Mbps wireless speeds• 2.4GHz frequency band• Compatible with 802.11g and 802.11n wireless networks	<ul style="list-style-type: none">• Integrated internal antenna• Available USB port
Security	<ul style="list-style-type: none">• 64/128-bit WEP data encryption	<ul style="list-style-type: none">• Wi-Fi Protected Access (WPA/WPA2-PSK, WPA/PA2-EAP)
Antenna type	<ul style="list-style-type: none">• Integrated Antenna	
Standards	<ul style="list-style-type: none">• IEEE 802.11n• IEEE 802.11g	<ul style="list-style-type: none">• IEEE 802.11b• USB2.0

Requirements

Operating Systems	<ul style="list-style-type: none">• Windows 8, 7, 2000 (SP4), Vista (32 or 64-bit), XP (SP2 and above)
Frequency Range	<ul style="list-style-type: none">• 2.4GHz to 2.4835GHz

Physical

Dimensions	<ul style="list-style-type: none">• 18.6 x 14.3 x 6.1 mm (0.73 x 0.56 x 0.24 inches)	
Weight	<ul style="list-style-type: none">• 12 grams	
Operating Voltage	<ul style="list-style-type: none">• 5VDC +/- 5%	
Temperature/Humidity	<ul style="list-style-type: none">• Operating: 0 to 40 °C (32 to 104 °F)• Storage: -20 to 65 °C (-4 to 148 °F)	<ul style="list-style-type: none">• 10% to 90% non-condensing
Certifications	<ul style="list-style-type: none">• CE• FCC Class• Wi-Fi Certified	<ul style="list-style-type: none">• C-Tick• IC• WPS Certified
